

The Vendor
COLLECTION

[recommended by Monica Dawn Photography.](#)

WELCOME

It takes an amazing team to create your dream wedding. The goal here is to make choosing your wedding professionals easy and stress free. Below is a list of professionals that I 100% recommend. There are two ways to get on this list: I have either had the pleasure of working with them already and respect what they can do, or they are someone I would feel extremely honored to work alongside. I hope you find the Vendor Collection an asset while planning your Dream Wedding! xo
